EVERGREENS

Prices are for Evergreens Securely Balled and Burlapped

Can dig Evergreens, roots puddled at the following reductions in price: 12 to 18 inches at $12\frac{1}{2}c$. 18 to 24 inches at 15c. 2 to 3 feet at 20c.

Our Evergreens have all been three times $x \times x$ transplanted, having been grown with plenty of room for development. Have been properly sheared and pruned for producing compact, symmetrical specimens.

Evergreens selected and marked by customers in the Nursery field will be charged for in accordance with their value, and prices named in this list will not govern.

We do not guarantee Evergreens to live and will only make adjustments when complaints are filed promptly upon receipt of shipment.

Height specified after botanical name indicates height tree should obtain at maturity.

Unnamed White (60.00 per M.)	.85	7.00
Mixed (50.00 per M.)	.70	6.00
Albatre, 8.7. One of the finest white peonies. Mid-season	1.50	12.00
Albert Crousse, 8.6. Very fresh salmon-pink, delicate color. Large		
compact bomb shape, fragrant, erect, medium height. Late	1.80	15.00
Alexander Dumas, 7.1. Crown type. Brilliant pink, good for cut flower		
purposes. Very early	1.00	8.00
Alsace Lorraine, 8.8. Semi-rose type. Petals are pronouncedly pointed,		
center petals arranged like a water lily. Rich, creamy-white,		
center delicately tinted yellow. Late mid-season	3.00	25.00
American Beauty, 6.5. Crown type. Mid-season. A glowing red	1.00	8.00
Andre Lauries, 6.5. Rose type. Dark tyrian-rose or solferino-red shad-		
ing deeper in the center with red reflex. Guards same color. Late	1.00	8.00
Asa Gray, 8.1. Semi-rose type. Very large full, imbricated bloom. Guard		
petals salmon-flesh, center of bloom very full and perfectly		
formed. Delicate lilac plenteously sprinkled with minute dots		
of deeper lilac. Mid-season	1.80	15.00
Avalanche, 8.7. Crown type. Pure snow-white with a few delicate pen-		
cilings of carmine on the edges of the central petals. Fragrant.		
Late mid-season	1.50	12.00
Augustine D'Hour, 7.8. Bomb type. Mid-season. Extremely large, showy	1.00	12.00
perfectly built bloom; primary petals narrow and built up close		
and high. Very deep, rich, brilliant solferino-red with slight		
silvery reflex	1.20	10.00
Baroness Rothchild, Rose type. Light pink. Mid-season	1.00	8.00
Baroness Schroeder, 9. Rose type. Buds delicate blush, open flower	1.00	0.00
milky-white. Mid-season.	3.00	25.00
Benjamin Franklin, 8.1. Rose type. Brilliant crimson with ruby shad-	5.00	20.00
ings. Very tall, erect stems. Fragrance slight. Carries form and		
	1.80	15.00
color much longer than most reds. Early	1.80	15.00
Brand's Magnificent, 8.2. Semi-rose type. Deep dark red with bluish		
cast. Wonderful because of the beautiful form of the flower.	- 00	
Mid-season	5.00	
Charles McKellip, 7.8. Crown type. Irregular rich crimson petals of		
the center are mingled with gold stamens and surrounded by	0.00	4000
rows of broad silky guard petals. Mid-season	2.00	18.00
Chestine Gowdy, 8.4. Crown type. Late mid-season. The broad outer		
petals are silvery pink. These enclose a zone of fine irregularly		
shaped petals of deep rich cream, which in turn surround a		
prominent cone of broad pink petals, splashed and tipped crim-		
son. Very fragrant	2.00	18.00
Claire Dubois, 8.7. Rose type. Very large, rich, clear, satiny pink		
with glossy reflex. Late	2.00	18.00
Compte De Jesseur, Creamy pink. Mid-season	1.00	8.00
Couronne D'Or, 8.1. Semi-rose type. Snow white reflecting golden-yel-		
low stamens that show through the petals when looking at the		
flower from the side. Delicate carmine pencilings on edges of		
a few central petals. Mid-season	1.20	10.00
Delache, 7.1. Dazzling red, profuse bloomer. One of the good old red		
varieties. Late mid-season	1.00	8.00

Rubra Superba, 7.2. Rose type. Magnificent, rich, brilliant deep crimson without stamens. Very large, full and double. Highly	1.20	10.00
fragrant	1.20	10.00
Rubra Triumphans, 6.7. Large loose very dark crimson blooms. Medium height and a strong grower. Early	1.00	8.00
Sarah Bernhardt, 9. Semi-rose type. Apple blossom pink with each petal tipped with silver, making an almost perfect Peony. Fragrant. Mid-season to late.	2.50	20.00
Solange, 9.7. Rose type. Deep orange-salmon or Havana-brown at the heart overlaid with a delicate tender rich cream. Very unusual coloring of rare beauty. Strong tall erect grower. Late	5.00	
Souv. de Expo. Universelle, 7.6. Violet rose. Late	1.00	8.00
Tourangelle, 9.4. Rose type. Pearly white overlaid with delicate salmon and shadesof LaFrance rose. A vigorous grower, bearing large flat flowers of unusual size on long stems. One of the most	_,,,	0.00
sensational varieties. Late mid-season	4.50	40.00
Umbellata Rosea, Violet-rose to white. Early	1.00	8.00
Venus, 8.3. Very compact. Hydrangea-pink. Mid-season	1.80	15.00

HARDY PERENNIALS AND ALPINE PLANTS

In making up this Spring 1934 Price List we wish to present to our customers a list of Perennials and Alpine Plants that will prove most satisfactory throughout the middle west. We grow a number of varieties of Perennials that we are not listing and if you are needing some odds and ends that we are not offering write us for we may have them.

We grow our own perennials. We dig them fresh from the field after orders are received for perennials are very perishable and must be properly and quickly handled for best results. We invite you to visit our perennial gardens and packing sheds to see how we handle this particular work.

Varieties * indicates adaptability for rock plants.

Color indicates bloom; Month, period of blooming season; (") Inches high when in bloom; (') Feet high when in bloom.

All Plants quoted are FIELD GROWN STOCK of such size as most satisfactory for general planting.

*ACHILLEA, Milfoil or Yarrow		
	Per 10	Per 100

LILIUM

Lilies seem to be coming in more popular demand. The variety list that we are listing has been thoroughly tested and they are growing and blooming here at Shenandoah so we can truly recommend these as being most successful for outdoor planting:

AURATUM, white with bands of gold, spotted crimson.	70 10	70 400
6 to 8 inches	Per 10 \$ 1.50	Per 100 \$ 12.00
5 to 6 inches		10.00
FLEGANS, varies in shades from citron yellow to deep blood red.		
They are most effective for massing.		
Flowering Size Bulbs	1.20	10.00
FLEGANS TIP TOP, deep red. Probably the best adapted to the	:	
middle west of any Elegans variety. Flowering Size Bulbs	1.50	12.00
ELEGANS UMBELLATUM, early flowering group of hybrids with		
large umbellate heads of flowers with shadings of yellow		
orange and crimson. Flowering Size Bulbs	1.50	12.00
		12.00
HENRYI , flowers of rich, orange coloring with green bands. Very beautiful Lily.		
8 to 9 inches	1.80	15.00
6 to 8 inches	1.50	12.00
REGAL, flower stems are slender and flexible but tense as steel and		
from 3 to 5 feet tall, covered with dense narrow foliage and		
crowned with a profusion of funnel-shaped blooms, the outside of which are streaked with brown and shading off to pink. The		
inside is flushed yellow in center, shading off to pure white at		
the outer edge.		
5 to 6 inches		9.00
4 to 5 inches		6.00
through the base center of each petal. Yellow anthers. A good		
grower but not possesing the vigor and sturdiness of the		
Rubrum type.	0.00	10.00
Flowering Size Bulbs	2.00	18 00
SPECIOSUM MAGNIFICUM, more vigorous grower than the above type. The color is a rich carmine on white ground with dark		
carmine spots. August, September. Height 4 to 5 feet.	•	
8 to 9 inches		18.00
6 to 8 inches		15.00
SPECIOSUM RUBRUM, rich carmine on white ground with crimson spots. A vigorous variety.		
8 to 9 inches	1.80	15.00
6 to 8 inches		12.00
TENUIFOLIUM, a narrow-leaved, slender growing and most attrac-		
tive Lily from Siberia. Has numerous deep scarlet, waxen, recurved flowers on wiry stems covered with long, narrow foliage		
Flowering Size Bulbs	1.50	12.00
TIGRINUM, flowers orange-red and spotted purple on reflexed petals		
Latest to bloom. One of the oldest and best known of all Lilies.		40.00
Double, 6 to 8 inches		$12.00 \\ 8.00$
" 4 to 5 inches		5.00
Single, 6 to 8 inches	1.00	8.00
" 5 to 6 inches		$6.00 \\ 4.00$
4 to 5 menes		1.00

GLADIOLUS

The Gladiolus we are offering here are guaranteed to be true to name and up to sizes specified. Our bulbs are free from discases and insects of all kinds, clean, healthy, vigorous.

Last year was generally dry throughout the entire country and as a result Gladiolus are not as plentiful as they have been heretefore. Therefore, we would suggest you get your order in at an early date.

MOUNT ARBOR NURSERIEC "ONE OF AMERICA'S FOREMOST NURSERIES"

SHENANDOAH,

E. S. WELCH, President

IOWA

Mount Arbor Nurseries

E. S. WELCH, President

SHENANDOAH, IOWA

February 10, 1934

SHIPPING INFORMATION FOR NURSERY STOCK

EXPRESS takes the Second Class Rate.

FREIGHT CLASSIFICATION on less than car-lot shipments of Nursery Stock

BALES take Second Class rate.

BOXES, CARTONS or BARRELS, Third Class.

BULBS, HERBACEOUS PLANTS, PERENNIALS, ROOTS and TUBERS, First Class.

CAR-LOT SHIPMENTS:

Offical Classification Territory, Fourth Class.

Western and Southern Classification Territory, 40% of First Class rate (Column 40)

MINIMUM WEIGHTS FOR CAR LOADINGS:

36' car, 16,000 lbs.

37' car, 16,480 lbs.

40' car, 17,920 lbs.

50' car, 25,920 lbs.

These are the MINIMUM weights, freight will be charged for, even if actual weight is less.

Cars 36' in length to within 500 miles of Shenandoah take 12,000 lb. minimum 42% of First Class rate (Column 42) in effect March 1st, 1934.

TYPES OF PROTECTIVE SERVICE IN CAR-LOT SHIPPING:

The Railroad Company requires that all car-lot shipments be billed either CARRIEER'S PROTECTIVE SERVICE or SHIPPER'S PROTECTIVE SERVICE. Under Shipper's Protective Service the Railroad Company does not assume liability should damage occur to the nursery stock enroute from freezing unless they have unduly neglected the shipment such as leaving the ice bunkers or doors open in cold weather. If cars are billed Carrier's Protective Service the Railroad Company assumes liability for loss from freezing enroute and protect contents of cars with heaters in ice bunkers if necessary. The ice bunkers must not be filled. There is an extra charge for Carrier's Protective Service from \$12.00 to \$24.00 per car additional, depending on the distance car is hauled. Under Protective Service the shipper may order a pre-heated car by giving thirty-six hours notice in advance to the Railroad Company in writing. Such cars are heated for twenty-four hours before loading begins.

L. C. L. REFRIGERATOR CAR SERVICE:

This service for local shipments is in effect in Western Classification Territory west of the Illinois-Indiana state line and north of the Arkansas-Oklahoma state line, between October 25th and March 25th. Shipments billed out care of refrigerator car will be loaded in refrigerator cars. The Railroad Company, however, is not liable for loss that may occur from freezing, unless shipment is neglected. There is no extra charge for this service. On most railways L. C. L. refrigerator car service is not scheduled for every day in the week. In some instances it may be in effect only one day each week.

Nursery stock packed in paper lined boxes and shipped in refrigerator cars ordinarily will stand temperatures as low as ten degrees below zero without serious damage.

We recommend shipping Perennials by express except when they can be included in carload shipments. We pack in light, wire bound, ventilated trates. Paper cartons used in packing express shipments of Shrubs, Roses, Vines and small stock. We paper line all boxes and packages.

EXAMPLES OF RATES FROM SHENANDOAH, IOWA TO VARIOUS POINTS

These rates are subject to change and we do not guarantee them.

Treatment for Nursery Stock which has been FROZEN enroute.

- 1. DO NOT OPEN PACKAGES!!! THIS IS IMPERATIVE!!!
- 2. Place in a cool place such as a cellar but where there is no danger of additional frost or freezing.
- 3. If possible, cover packages with earth, sawdust or any material which will exclude air.
- 4. Allow stock to remain until ALL frost is out of the container. Two or three weeks is not too long if necessary; the stock will keep safely even longer.
- 5. AFTER ALL FROST IS OUT the stock may be unpacked, stored or heeled in and no injury will have resulted from the freezing.

When receiving stock in REFRIGERATOR CARLOTS, always look in the end ICE BUNKERS for any additional stock. It is sometimes necessary to pack the bunkers when the car is filled to capacity.

To Our Friends and Customers...

President Roosevelt said in visiting with a friend, "Business is better, it's coming, our recovery program is working".

We agree with our great President's view, as business is decidedly better with us and we look forward to a splendid increase in the volume of Spring business. Are you prepared to handle your share?

I am sure nurserymen can look forward to better days for the future.

With best wishes for your success, I remain

Sincerely yours,

E. S. WELCH, President

Attention! Nurserymen, Florists, Seedsmen

Who Operate Retail Sales Display Rooms

We can furnish a complete line of individually wrapped and labeled Nursery Stock suitable for this trade.

Also a complete set up of colored lithograph plates, descriptive selling tags, advertising mats, rose and shrub boxes especially arranged for this purpose.
